**IMPORTANT NOTE:**
The extension and mailbox numbers referenced in this guide are the most commonly used configuration. It does not guarantee that your company will use the same extension and mailbox numbers due to each system's customized configuration. If you are unsure of what numbers were used in your configuration, please call or email the NATG service department.
Phone Outline

Online System Programming

IMPORTANT NOTE: Webpro gives you access directly in to your phone system to make changes. PLEASE DO NOT change anything that is not listed in this user guide. Doing so may result in mistaken changes to your phone system which could result in a BILLABLE service call if our tech if needs to fix what has been changed.

Logging in to Web Pro:
1. Using the Internet, in the address bar, type in IP Address: [previously provided by NATG]
2. Enter User Name: [user name as previously provided by NATG]
3. Enter Password: [password as previously provided by NATG]
4. Press Enter OR Click

Changing the Name of a Set:
1. Log in to Web Pro
2. Click System Data
3. Click 15-XX: Extension Setup
4. Click 15-01 : Extension Basic Setup
5. Click the drop down arrow and choose the extension you’d like to change
6. Key in the New Name
7. Click Apply
8. Click Home
9. Logout when finished

System Speed Dials:
1. Log in to Web Pro
2. Click System Data
3. Click 13-XX: Speed Dialing
4. Click 13-04 : Speed Dialing Number and Name
5. Choose the speed dial number you would like to enter or click to scroll through keys of Speed Dials
6. Enter Phone Number (with NO 9 infront & no dashes)
7. Enter the Name (up to 12 characters)
8. Leave the rest as is
9. Enter the Next Speed Dial or if finished, Click Apply
10. Click Home, Click Logout
Changing One Touch Key of a Set:

1. Log in to Web Pro
2. Click System Data
3. Click ✅ 15-XX: Extension Setup
4. Click ✅ 15-07 : Function Keys
5. Click the drop down arrow and choose the extension you’d like to change
6. Choose the function key you would like to change (click to scroll through keys) (ex: Function Key 01 would change key 1 on the phone (to find out the key you would like to change, From the phone you’re making changes to, Press Help key(by display) then press the key you’d like to program – the display will say Line Key “XX”)). To scroll to the next page of keys, click the right or left arrow.
7. Choose the feature you would like to program on that key with, example:
   - 01 – DSS/One Touch (programs ext’s or external #’s) (Note: if making it a 01 – DSS/One touch, you will need to enter the extension number OR 9 plus the phone number(no dashes) under Additional Data)
   - 03 – Do Not Disturb (sends calls straight to VM)
   - 10 – Call Forward Immediate (Call fwd’s phone to another extension or cell phone)
   - 05 – Headset (if employee has a corded headset, they would need a headset key)
   - 78 – Conversation Recording (when key is pressed, it records the conversation in to your VM)
8. Click Apply when finished
9. If changing a Desiless or UT880 set, follow these additional steps:
10. Click 15-20 : LCD Line Key Name Assignment
11. Choose the extension you just changed
12. Key in the name you would like to appear on the display of the phone
13. Click Apply when finished
14. Click Home, Click Logout
**Changing One Touch Keys for the Console:** *(if Applicable)*

1. Log in to **Web Pro**
2. Click **System Data**
3. Click **30-XX: DSS/DLS Consoles**
4. Click **30-03 : DSS Console Key Assignment**
5. **Choose the DSS Key** you would like to program/change (ex: DSS Key 01 would change key 1 on the console (to find out the key you would like to change, From the phone you’re making changes to, Press Help key(by display) then press the key you’d like to program – the display will say Line Key “XX”)).
6. Under Function, Choose 01 – DSS/One Touch
7. Under Additional Dial, enter **Extension Number** OR 9 + **Phone Number**
8. Click **Apply** when finished
9. Click the arrows to move to the next page of DSS key’s

10. Click **Home**, Click **Logout**

**Changing the Date & Time:**

1. Log in to **Web Pro**
2. Click **System Data**
3. Click **10-XX: System Configuration**

   - Undefined (means there’s no mailbox on the phone) OR
   - Personal (means there’s a mailbox on the phone)
7. Click Apply when finished, click to scroll to the next mailbox OR
8. Click Home, Click Logout

Phone System Programming

Clearing Message Waiting Light
Message Waiting is often activated by accident. When calling an employee, you have an option to press the MW (message waiting) soft key (on display). This feature activates their message light and prompts them on the display to call you back but also can mislead you to think you have a voicemail. If an employee contacts you saying their message light is on but they do not have voicemail, follow these instructions to cancel it: From the employee’s phone that is flashing:
1. Press SPEAKER key, dial 773
2. Press SPEAKER key

Camp On
If an employee is on another call (or stepped away from their desk), you can camp on to their extension so when they hang up, their phone would ring you back instead. When you lift up your handset, you will hear it ringing their phone again.
1. To Camp On:
2. DIAL the person’s EXTENSION followed by the # key
T O CANCEL: Press SPEAKER key, dial 770, and then speaker

Picking Up a Call for Another Extension
1. When you hear a phone ringing and would like to pick it up,
2. Lift Handset
3. Pres *#
4. You will be connected to whatever call was ringing first.
NOTE: To connect to a specific extension, Dial ** followed by the extension number

Swapping Extension Numbers
From the employee’s phone that you’d like to swap
1. Press SPEAKER key, dial 797
2. Enter Password [password as previously provided by NATG]
3. Enter the extension to swap it with
4. Press SPEAKER key
Changing Internal Dialing from Voice/Ring

When calling an employee’s extensions you can set the phone to either ring so the employee will have to pick it up (or speaker) or to voice so your voice pages through the speaker of their phone. Here are the instructions on how to change that per phone:

From the employee’s phone that you would like to change:

1. Press SPEAKER key
2. Dial 721 for VOICE calls or 723 for RING tone
3. Press SPEAKER key

Background Music

1. Press SPEAKER key
2. Dial 725
3. Press SPEAKER key
Voicemail Programming

Record Company Greetings

1. From Extension (usually reception), press VMSG KEY
2. Press 72 to enter system administration
